To the People of GREAT BRITAIN, on the Spanish Depredations.

An O D E.

Hence Britons, these desponding Cares,
This vain Accusing of your Fate?
Whence these unnecessary Fears,
While GEORGE is Guardian of your State?

Let Heaven to his Breast restore,
From Grief's Excess a Dawn of Peace,
Th' Iberian shall insult no more,
His false Pyrratic War shall cease.

With mild Demand, but glowing Heart
The King shall fix his People's Right,
Shall Honour with fair Peace impart,
And Trade with Freedom shall unite.

But if deluded Monarchs scorn,
Their proffer'd Blessing to enjoy,
Soon shall they know, in just Return,
He who'd save them, can destroy.

His Naval Pow'r o'er all the Main
Shall all his high Behests fulfill,
And once more teach Repenting Spain,
That Britain's Sons are Britons still.

So Jose, resolv'd to scourge Mankind
And check their Vice, and Haughty Pride,
In Pity is to Peace inclin'd,
And lays the Thunderbolt aside:

The Thunder though not sudden hurl'd,
If long provok'd his Power to show,
He rears his Arm and makes the World
Shudder beneath th' Avenging Blow.

Britons, by Nature prompt to War,
Whom Love of Freedom warms,
Unwont the least Restraint to bear,
Eager of Fight and bold in Arms.

Rashly no more with Civil Rage,
For Love of Peace accuse the State,
GEORGE, shall your every Care assuage,
By Peace or War shall make ye Great.

The British Cross shall Honour find,
From Realm to Realm, from Pole to Pole,
Far as can breeze a Gale the Wind,
Far as the utmost Wave can Roll.

The Merchant Fleet, secure their Freight,
Shall fear no Force of Plund'ring Bands,
But proud from World to World relate,
So Justice bids, so GEORGE commands.

What then can Generous Britons dread,
Their Leagues preserv'd, their Faith unstain'd?
If to the Choice of Peace they're led,
Their Pow'r, their Rights shall be maintain'd:

If War their Choice, Revolving o'er
Rook's Deeds, and Blenheim's Glorious Field,
Again, they'll waste th' Iberian Shore,
Again the Crafty Gaul shall yield:

Who fears the Schemes of Gallic Art?
Who shall of Philip's Arms complain?
While Walpole Council shall impart,
And GEORGE shall live and rule the Main.

Tralee, Feb. 24. On Wednesday last came on the Election of a Burgess for this ancient Corporation, when Mr. John Godfrey (a Gentleman distinguished

for his known Probity and firm Attachment to our happy Establishment) was unanimously Chosen; after the Election, Arthur Denny, Esq; our Provost gave a grand Entertainment to the Burgesses, Freemen, and several other Gentlemen; after Dinner Mr. Godfrey carried the Company to the House of Arthur Ginnis, where the Evening was spent with great Joy, and a vast Quantity of Wine; the Toasts were, the King, Prince and Princess, and the rest of the Royal Family, the Glorious Memory of King William, the Ministry, the 1st of July 90, the 1st of August 14, the Provost, the Hanover Club of Tralee, and several other Loyal Toasts.

Lately was lost at St. Marywick, near Dingle, the Mary and Anne Sloop of Waterford, James Neal, Master, from Limerick for Cadiz, laden with Barley, the Cargo lost, but the Hands were saved. Came into Dingle the Anne of London, John Barret, Master, with Salt, Fruit, Cotton and Cocoa Nuts from Lisbon: She was in great Distress, but happily preserved.

On Thursday the 16th Inst. died the Reverend Mr. Lowther, Archdeacon of Ardfer, a Gentleman of so great and distinguished Abilities, that he enjoyed by the Church 6 or 700 Pounds per Annum, and his Death greatly lamented.

Colestine, Feb. 28. Arrived the Sibella and Ann, M^{rs} Elveny, from Bourdeaux, with Wine and Brandy; the Recovery, Swan, from Liverpool, with Tobacco: She was in great Danger of being stove to Pieces in Port Rush, the Storm being so violent that she parted her Cables; but Mr. Beary, Surveyor, and Mr. Prest, Collector, having Notice of it, went down immediately with a Party of the Army, and with great Difficulty landed the Cargo, and brought the Vessel, by their Diligence, to her Moorings without much Damage.

Last Monday Night was a terrible Storm of Wind, Hail, and Rain, attended with such Lightening and Thunder, as has not been known here of a long Time.

Limberick, Feb. 28. Last Night, about the Hours of 7 or 8, a violent Hurricane arose, attended with Hail, Rain, Thunder and Lightening; such as has not been remembered. It lasted about three Quarters of an Hour, in which time it did much Damage.

A Sloop of Mr. Kelly's, loaded with Corn, from this Port, was wreck'd to Pieces on the Coast of Kerry. And the Weather has been so Blustery these 7 or 8 Days past, that 'tis fear'd many Ships are lost.

A Woman in this Town of 64 Years of Age, who was married for the first time, about 12 Months since, was last Saturday brought to Bed of a Lusty Boy.

Dublin, March 7. Last Saturday one Mr. Doyle, a Joyner, being arrested by 2 Constables on the Lord Mayor's Warrant for a trifling Debt, at his Shop in College Green, and being so surprized that he hesitated and did not go immediately with them before the Lord Mayor, one of them took up his Hand Saw that lay on the Bench, and having split his Skull with it, the Villains run away.

We hear from Chinnebreany in the County of Meath, that a Farmer near that Place had 6 Cows killed, and half his House burnt by the great Thunder and Lightening on the 27th of last Month, and of great Mischief being done in the Counties of Monaghan, Cavan and Fermanagh.

From the London Gazette.

Vienna, March 8. N. S. Count Seckendorff has been again personally examined three Times this Week by the Commissioners, who are now to make their Report to the Council of War, and that Council will make another to the Emperor, with their Advice upon that Affair, which will then be decided by his Imperial Majesty. Sentence has been pass'd, and confirm'd by the Emperor, against Major General Doxat, and the Officers who were with him at the Surrender of Nissa; importing, That the said Major General Doxat de Morez shall be beheaded, and all his Effects that can be found shall be confiscated, Part of which Effects are to defray two thirds of the Charge of the Process before the Council of War, and the rest towards making good to the Imperial Treasury the Loss of Stores of Ammunition or of Provisions at the delivering up of Nissa: That Col. Humbracht, who commanded the Imperial Regiment

of Maximilian Hesse, having first taken an Oath *de non offendendo*, shall be cashier'd with Infamy: That Lieutenant Colonel Bina, and Major Butler, of the same Regiment, shall both be cashier'd, but without Blemish to their Honour: That M. Martin, who was Captain of the Artillery at Nissa, shall be confined in Prison three Months, his Feet and Hands iron'd: That the Captains, Lieutenants, and Ensigns of the Regiments which were at Nissa, shall all be put in Irons, some for one Month, others for two: But all the Battalions shall be declared guiltless, and free from any Punishment. A Major Ingenier and a Captain Ingenier, are to be cashier'd, without Blemish to their Honour: The rest of the Officers Ingeniers are to be imprison'd for a Time, and fined each according to his Rank, towards defraying the other Third of the Expence occasioned by the Process. General Suckau set out from hence for Belgrade on Monday last, with the said Sentence, and is to be present at the Execution of it; tho' there are still some People who flatter themselves that his Imperial Majesty has charged M. Suckau with an Act of Grace for General Doxat, in Consideration of his former long and faithful Services; and there is a Report in the Town, that the Grand Duchess of Tuscany has interceded for him. There never was a Man more generally pitied than Doxat is by every Body, and especially by all the Generals and Officers, he having been in the Imperial Service above 40 Years, with the greatest Approbation and Reputation, except in the fatal Surrender of Nissa.

Hamburg, March 18. N. S. They are pulling down several old Houses at Altena, in order to raise a handsome Building for the King of Denmark's Use. It is to be situated upon a Hill, from which there is a very fine Prospect upon the Elbe; and the Town of Altena furnishes 20000 Dollars towards defraying the Charges; but as this Building cannot be finished in less than a Year, it is thought the King of Denmark will not come into this Neighbourhood this Summer, though it is his Majesty's Custom to make once a Year a Voyage into Holstein, where he assembles and reviews his Troops.

ANTI-SYPHILICON.

THE only short and most infallible Cure in the Universe for the VENEREAL DISEASE, from the slightest Infection to the most extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant Virus, and the very Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks on one Hand, or a venereal Gleet, or Weakness to happen on the other.

And the most inveterate Degree of the French Illness, attended with Nocturnal Pains, universal Breakings out, and all the other most exasperated Symptoms, are soon overcome by it, and effectually and much more safely cured than by Salivation, Inunction, or any other Method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as to bespeak it the only opposite Remedy or true Venereal Antidote in the World; and this some Thousands have to their great Joy experienced.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement; but may be taken, and the Cure be accomplished, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury, may, by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie hid in the Body, but wholly extirpates it Root and Branch, in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remaining Relicks of former Injuries, may by a few Doses of it entirely free themselves from all Suspicion of that Kind; for it admits of no Foulness, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and on that Account, in all scorbatick, scrophulous, and even igneous Eruptions or Foulnesses of the Skin, Glandulous Swellings and Impurities of the Juices, it does more by one Dose, than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is but Six Shillings a Pot, which, considering its extraordinary Efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. RAFFORD's Toyshop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up with a Book of Instructions, by the Perusal of which, all Persons who were ever affected with any Degree of the Venereal Disease, may perfectly understand their own Condition, and certainly know when, and when not, the Venereal Poison is entirely rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scurvy.

The GRAND SPECIFICK for Cleansing and Strengthening the Reins, &c.

A Medicine that hath gain'd so much Credit, for these many Years it has been publish'd, that not one of the many Pretenders to cure the like Cases, has as all hinder'd the just Reputation this first and only Specifick for these Purposes, hath obtain'd, by its most noble Effects.

For it may be certainly depended on as absolutely effectual for carrying off, by Urine, safely and speedily, all the Relicks of secret Injuries, Remains of pernicious unskillfully prepared Mercurials, Gleet or Weaknesses, thro' tedious or ill manag'd Cures of the Venereal Disease; or from Self-pollution, inordinate Coition, &c.

Also any Weaknesses of the Vessels from Wrenches, Strains, Blows, or Falls, and all other Obstructions in the Urinary Passages, even Stranguries, Ulcers, &c. are perfectly cured by it, be they of ever so long standing; which Relicks and Ailments are, in Part, discovered by these following Symptoms, viz. Weakness and Pain in the Back, a Sharpness in the Urine, its strong Smell, Films or Hairs as it were floating about in it, and, in some, too frequent Occasion to make it.

This noble Specifick is also of singular and very extraordinary Use and Efficacy, where there is any Gravel, or even small Stones, Slime, or any other Matter that obstructs the Urine, bringing all away in a few Times taking, with Safety, and to the very great Satisfaction of the Patients, as has been happily experienced by great Numbers of both Sexes, and particularly by a Gentleman, whose Case has so often been mentioned in this Advertisement, by a Certificate of his Cure: who, on taking but a little of this noble Specifick, voided above an Ounce of Gravel, and was cured of an insupportable Pain about his Loins, &c. by a short Continuance of it.

It also strengthens and recovers, after a particular Manner, all Relaxations of the Vessels, confirms the Parts, bringing all into Order, and thereby perfects the Cure to Admiration. It is a very pleasant Medicine, and will be found of uncommon Benefit to Mankind, beyond Expectation, which is the Reason of its being made publick, and to obviate the Ignorance of Pretenders in all the difficult Cases above-mentioned.

One Bottle, in most Cases, is sufficient for a perfect Cure, as you will see by the Directions given with it.

Sold at 7s. 6d. the Bottle, at Mr. Sandwell's Toyshop, at the Griffin, the Corner of Bucklersbury, in the Poultry.
